CATIDE Double Agent Case		

REFERENCE: ODCA 12606, 6 November 1964

1. We are thankful for your assistance and reporting of Reference. A quick check of our files indicates several possibilities which will be reported separately to HQ once the check is complete. In order to pin down the office within CATIDE which handled the case and narrow down the likely suspects we would appreciate any additional information you could furnish along the following lines:

- Names used by the CATIDE officers in question, together with descriptions.
- The same information and as much detail as possible on the talkative officer.
- A description of the suspect if possible.
- Exact dates of CATIDERS presence in Copenhagen.

2. We have recently lent CATIDE an audio device for a sensitive D/A operation which might be the one described in Reference. The restaurant in which this audio device was to be used was described by CATIDE as follows:

"The restaurant is in a building that houses a yacht club, a yacht basin being out in front. Large vessels pass by about 500 yards away from the yacht basin. The restaurant is built on pilings (like the U.S. Embassy in Mehlem) and the underneath part is used to park cars. The kitchen and heating plant may also be on this level. On the next level, reached by stairs and a terrace is the restaurant with very large windows overlooking the water. Above that are club rooms of the yacht club. CATIDE has three possibilities: (1) Utilize a room above the restaurant, but it is possible that the reinforced concrete floor could partially block reception and also the room selected might be a long way from
